Evidence of Coverage

Your *Evidence of Coverage* is a detailed listing of the benefits your plan covers, as well as any exclusions the plan has.

Explanation of Benefits (EOB):

An Explanation of Benefits (EOB) is a statement that we send to members to explain what medical treatments and/or services we paid for on behalf of a member. This shows the amount billed by the provider, the issuer’s payment, and the enrollee’s financial responsibility pursuant to the terms of the policy. We will send an EOB to a member after we receive and adjudicate a claim on your behalf from a provider. How Can I Pay My Monthly Premium?

(Continued)

What Happens If I Pay Late?

Your bill is due before the first day of every month. For example, if you are paying your premium for June, it will be due May 31.

If you don't pay your premium before its due date, you may enter a grace period. This is the extra time we give you to pay. During a grace period, we may hold — or pend — payment of your claims. During your grace period, you will still have coverage. However, if you don't pay before a grace period ends, you run the risk of losing your coverage. Refer to your *Evidence of Coverage* for grace period details.

What Does Your Plan Cover?

We want to meet your healthcare needs. So our plans provide coverage for a wide range of medical and behavioral health services.

For a service to be covered and eligible for reimbursement, it must be:

- Described in your *Evidence of Coverage*
- Medically necessary
- Prescribed by your treating provider or primary care provider (PCP)
- Authorized by us (when required)
 - For example:
 - » Services from or visits to an out-of-network provider
 - » Certain surgical procedures
 - » Inpatient admissions

A complete listing of preventive care services, recommendations and guidelines can be found at www.Healthcare.gov/center/regulations/prevention.html

The Ambetter Drug List has a complete list of all covered medications. Read your copy at Ambetter.SunflowerHealthPlan.com/resources/pharmacy-resources.html

Prior Authorization

Prior authorization means a service needs to be approved by Ambetter before you go to the provider.

Want to see if a service needs authorizing or check on the status of a service that was submitted for authorization? Call Member Services at 1-844-518-9505 (TTY 1-844-546-9713). If you do not obtain prior authorization before you receive the services, you may be held responsible for total payment.

You can find information about your specific copayments, cost sharing and deductible in your *Summary of Benefits*. For a list of exclusions, refer to your *Evidence of Coverage*. Your *Summary of Benefits* and *Evidence of Coverage* can be found online. Just log in to your online member account.

What's Not Covered?

We offer many important wellness benefits and health screenings. However, there are still some things that your coverage doesn't include.

Your *Evidence of Coverage* has a full list of coverage limitations and exclusions, plus a list of which healthcare and preventive services are covered on your particular plan.

How To Get Medical Care When You're Out Of Town

When you're outside of the service area, we do not cover your routine or maintenance care. However, we do cover emergency care outside of your service area.

If you are temporarily out of the area and have a medical or behavioral health emergency, call 911 or go to the nearest emergency room. Be sure to call us and report your emergency within one business day. You don't need prior approval for emergency care.

You may have additional financial responsibility if you are out of network. Refer to your *Evidence of Coverage* or call Member Services at 1-844-518-9505 (TTY 1-844-546-9713) for more information.

Use our Find a Provider tool at Ambetter.SunflowerHealthPlan.com to search for in-network providers in other areas.

Provider Billing: What To Expect

After receiving medical care, you may get a bill from your provider. Providers can only bill you for your share of the cost of covered services. This includes your deductible, copayment, cost sharing percentage, and any unauthorized or non-covered services. If you receive a bill from a provider that does not reflect your cost share as listed in your *Summary of Benefits* or your Explanation of Benefits, please contact us right away. You should not be balanced billed by In-Network Providers for **Covered Services** beyond your responsibility.

In cases where a service is denied for reasons that are your responsibility, such as not being eligible on the date of service, or obtaining non-emergent services at a non-network provider without proper authorization, you may be billed for such denials. In addition, these expenses will not be credited to your deductible or maximum out-of-pocket cost share.

It is a good idea to keep track of your expenses. For your convenience, you may login to our member secure website at Ambetterhealth.com and then select the Benefits Tab where your year to date cost share is displayed. This information is current within 48 hours of claim payment and is the same information available to our member and provider service agents. The cost share is credited as claims are paid, not by date of service.

You can also refer to our Transparency Notice by visiting Ambetterhealth.com and selecting Member Materials and Forms. If you have questions about a bill or statement that you received, please contact us.

How To Submit A Claim For Covered Services

Providers will typically submit claims on your behalf, but sometimes you may need to submit claims yourself for covered services. This usually happens if:

- Your provider is not contracted with us
- You have an out-of-area emergency

If you have paid for services we agreed to cover, you can request reimbursement for the amount you paid. We can adjust your deductible, copayment or cost sharing to reimburse you.

To request reimbursement for a covered service, you need a copy of the detailed claim from the provider. You also need to submit an explanation of why you paid for the covered services along with the member reimbursement claim form posted on the health plan website under “Member Resources”. Send this to us at the following address:

Ambetter from Sunflower Health Plan
Attn: Claims Department
P.O. Box 5010
Farmington, MO 63640-5010

Our [Transparency Notice](#) provides additional information on the claims submission process. It’s located at Ambetter.SunflowerHealthPlan.com under “Member Materials and Forms.”

Your Primary Care Provider

When you see your PCP, always remember to bring your member ID and a photo ID!

Seeing your PCP for regular checkups helps you find problems early and qualifies you for a reward on your *myhealthpays*[®] account.

When you became a member, you may have selected your PCP. If you didn't, we may assign you to a PCP. You can change your PCP at any time. To learn more, visit Ambetter.SunflowerHealthPlan.com

To learn more about a specific PCP, call 1-844-518-9505 (TTY 1-844-546-9713). You can also see our provider list on the **Find a Provider** page at Ambetter.SunflowerHealthPlan.com

What's A Primary Care Provider?

Your primary care provider (PCP) is your main doctor. They are also known as your personal doctor. Your PCP is the person you should see for all aspects of your healthcare — from your preventive care to your basic health needs and more. When you're sick and don't know what to do, you should contact your PCP.

Having a PCP is important. We encourage you to choose a PCP for your primary and preventive care needs. You can choose your in-network PCP by using our online **Find a Provider** tool. After you pick a PCP, schedule a preventive care visit. Remember, you should get to know your PCP and establish a healthy relationship — get started today!

Your PCP will:

- Provide preventive care and screenings
- Give you regular physical exams as needed
- Conduct regular immunizations as needed
- Deliver timely service
- Work with other doctors when you receive care somewhere else
- Coordinate specialty care with Ambetter in-network specialists
- Provide any ongoing care you need
- Update your medical record, which includes keeping track of all the care that you get from all of your providers
- Treat all patients the same way with dignity and respect
- Make sure you can contact him/her or another provider at all times
- Discuss what advance directives are and file directives appropriately in your medical record

Picking The Right PCP

You can select any available PCP in our network. The choice is up to you! You will be able to choose from:

- Family practitioners
- General practitioners
- Internal medicine
- Nurse practitioners*
- Physician assistants
- Obstetricians/gynecologists
- Pediatricians (for children)

*If you choose a nurse practitioner as your PCP, your benefit coverage and copayment amounts are the same as they would be for services from other in-network providers. See your *Summary of Benefits* for more information.

Choosing An Adult PCP

As a young adult, having your own healthcare plan means you'll want to make healthy choices. Start by choosing an adult primary care provider (PCP) or other healthcare provider. Your adult PCP will replace your pediatrician. So you can take charge of your health with a yearly wellness exam, an annual flu vaccination and other important healthy habits. Call Member Services at 1-844-518-9505 (TTY 1-844-546-9713) and let us help you find your adult PCP today!

Making An Appointment With Your PCP

To make an appointment with your PCP, call his/her office during business hours and set up a time and date. If you need to cancel or change your appointment, call 24 hours ahead of time. At every appointment, make sure you bring your member ID and a photo ID.

How long should it take to get an appointment?

It's important for you to be able to schedule appointments when you need medical care. That's why Ambetter has developed a guide to help you understand what to expect when you need an appointment.

- Routine PCP Visits – within 30 calendar days
- Urgent PCP Visits – within 48 hours of request

You should not have to wait more than 30 minutes for a scheduled appointment. If the waiting time is expected to exceed 30 minutes, the office should offer you the choice of waiting or rescheduling the appointment.

Care Around The Clock

Sometimes, you need medical help when your PCP's office is closed. If this happens, don't worry. Just call our 24/7 nurse advice line at 1-844-518-9505 (TTY 1-844-546-9713). A registered nurse is always available and ready to answer your health questions. In an emergency, call 911 or head straight to the nearest emergency room.

We encourage you to always see a provider who is in network with Ambetter. If you have a problem finding an in-network provider, please call us at 1-844-518-9505 (TTY 1-844-546-9713). Please refer to your Summary of Benefits to make sure that you understand you may be responsible for all costs associated with care if you choose to see providers outside of our network.

Are you having trouble getting an appointment with your PCP? Do you need help with your follow-up care? Call Member Services: 1-844-518-9505 (TTY 1-844-546-9713). We're here to help.

You can call your PCP's office for information on receiving after-hours care in your area. If you have an urgent medical problem or question and cannot reach your PCP during normal office hours, you can call the 24/7 Nurse Advice Line at 1-844-518-9505 (TTY 1-844-546-9713). If you have an emergency, call 911 or go to the nearest emergency room.

- 3. Pick a PCP from the list. Make sure you select a PCP who is currently accepting new patients.**

To learn more about a specific PCP, call 1-844-518-9505 (TTY 1-844-546-9713). You can also visit Ambetter.SunflowerHealthPlan.com to see our provider list on our **Find a Provider** web page.

*If you choose a nurse practitioner or physician assistant as your PCP, your benefit coverage and copayment amounts are the same as they would be for services from other participating providers. Review your *Summary of Benefits* for more information.

What Happens If Your Provider Leaves Our Network?

Please contact Member Services at 1-844-518-9505 (TTY 1-844-546-9713) as soon as you know that your PCP is leaving. We can help you.

If you have a specialist that disenrolls from our provider network, please call Member Services at 1-844-518-9505 (TTY 1-844-546-9713). We will work with you to help you.

If you are currently receiving services from a specialist that terminates from our provider network, we will also notify you.

There are special circumstances which will allow you to continue treatment for a limited time with a provider who has left the network. You will be able to do this as long as your provider's termination isn't for quality-related reasons. Please refer to your *Evidence of Coverage* for details on special circumstances.

What About Providers That Aren't In-Network?

You should always try to see providers that are in our network.

In-Network or Network Provider means a physician or provider who is identified in the most current list for the network shown on your identification card.

Out-of-Network or Non-Network Provider means a physician or provider who is NOT identified in the most current list for the network shown on your Member ID. Services received from an out-of-network provider are not covered, except as specifically stated in your *Evidence of Coverage* (EOC).

Refer to your *Evidence of Coverage* for details regarding out-of-network providers, care, services and expenses.

Where To Go For Care

Get The Right Care At The Right Place

When you need medical care, you need to be able to quickly decide where to go or what to do. Get to know your options! They include:

1. **Calling our 24/7 nurse advice line**
2. **Making an appointment with your primary care provider (PCP)**
3. **Visiting an urgent care center**
4. **Going to the emergency room (ER)**

Your decision will depend on your specific situation. The next section describes each of your options in more detail, so keep reading.

And remember — always make sure your providers are in-network. Using in-network providers can save you money on your healthcare costs. Every time you receive medical care, you will need your member ID.

What To Do If Your Condition Isn't Life Threatening

Call our 24/7 nurse advice line or visit your PCP.

Call our 24/7 nurse advice line if you need:

- To know whether you should seek medical treatment immediately
- Help caring for a sick child
- Answers to questions about your health

Visit your PCP if you need:

- Help with medical problems such as colds, flus and fevers
- Treatment for an ongoing health issue like asthma or diabetes
- A general checkup
- Vaccinations
- Advice about your overall health
- Preventive Care or Screenings

Contact Telehealth if you need:

- Cold, the flu and fevers
- Rash and skin problems
- Sinus problems and allergies
- Upper respiratory infections and bronchitis

Call our 24/7 nurse advice line anytime: 1-844-518-9505 (TTY 1-844-546-9713).

Have your member ID and photo ID ready. You will need them whenever you receive any type of care.

Urgent care is not emergency care. Only go to the ER if your doctor tells you to or if you have a life-threatening emergency.

Always make sure your providers are in-network. Using in-network providers can save you money on your healthcare costs.

If you need help deciding where to go for care, call our 24/7 nurse advice line at 1-844-518-9505 (TTY 1-844-546-9713). In an emergency, call 911 or head straight to the nearest emergency room. Seek ER services only if your life is at risk and you need immediate, emergency medical attention.

When To Go To An Urgent Care Center

An urgent care center provides fast, hands-on care for illnesses or injuries that aren't life threatening but still need to be treated within 24 hours. Typically, you will go to an urgent care if your PCP cannot get you in for a visit right away.

Common urgent care issues include:

- Sprains
- Ear infections
- High fevers
- Flu symptoms with vomiting

If you think you need to go to an urgent care center, follow these steps:

- Call your PCP. Your PCP may give you care and directions over the phone or direct you to the right place for care.
- If your PCP's office is closed, you can do one of two options:
 1. Visit our website, Ambetter.SunflowerHealthPlan.com/findadoc, type in your ZIP code and click "Detailed Search". In the "Type of Provider" dropdown, select, "Urgent Care AND Walk-in-Clinics" and then click the green "Search" bar.
 2. Call our 24/7 nurse advice line at 1-844-518-9505 (TTY 1-844-546-9713). A nurse will help you over the phone or direct you to other care. You may have to give the nurse your phone number.
 3. Call our free 24-hour Telehealth providers for non-emergency health issues. You can get medical advice, a diagnosis, or a prescription by phone or video. Use Telehealth anytime or schedule an appointment wherever and whenever you need it at AmbetterTelehealthKS.com.

Check your *Summary of Benefits* to see how much you must pay for urgent care services.

After your visit, let your PCP know you were seen at an urgent care and why.

When To Go To The ER

Anything that could endanger your life (or your unborn child's life, if you're pregnant) without immediate medical attention is considered an emergency situation. Emergency services treat accidental injuries or the onset of what appears to be a medical condition. We cover emergency medical and behavioral health services both in and out of our service area at a cost equivalent to the providers network status. We cover these services 24/7.

Please note some providers that treat you within the ER may not be contracted with Ambetter. Some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be in network. As a result, these providers may bill you for the difference between Ambetter's allowed amount and the providers billed charge — this is known as "balance billing." **We encourage you to ask providers if they participate with Ambetter before they treat you, so you know whether or not you may receive an additional bill for their services.**

When To Go To The ER (Continued)

For more information on provider billing or balance billing, refer to the Prior Authorization section of your *Evidence of Coverage*.

Go to the ER if you have:

- Broken bones
- Bleeding that won't stop
- Labor pains or other bleeding (if you're pregnant)
- Severe chest pains or heart attack symptoms
- Overdosed on drugs
- Ingested poison
- Bad burns
- Shock symptoms (sweat, thirst, dizziness, pale skin)
- Convulsions or seizures
- Trouble breathing
- The sudden inability to see, move or speak
- Gun or knife wounds

Don't go to the ER for:

- Flus, colds, sore throats or earaches
- Sprains or strains
- Cuts or scrapes that don't require stitches
- More medicine or prescription refills
- Diaper rash

What if you need Emergency Care out of our service area?

Our plan will pay for emergency care while you are out of the county or state. If you go to an out-of-network ER and you aren't experiencing a true emergency, you may be responsible for any amounts above what your plan covers. Those additional amounts could be very large and would be in addition to your plan's cost sharing and deductibles.

Check your *Evidence of Coverage* for more details regarding covered emergency services.

You can search for in-network Behavioral Health providers by using our [Find a Provider](https://providersearch.ambetterhealth.com/) tool at <https://providersearch.ambetterhealth.com/>. Or you can call Member Services at 1-844-518-9505 (TTY 1-844-546-9713).

Pharmacy Benefits

We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases.

Learn about coverage for your medications and our Ambetter Drug List, or Prescription Drug List (PDL). You can find it at Ambetter.SunflowerHealthPlan.com under “Member Resources”, “Find a Medication”.

Coverage For Your Medications

Our pharmacy program provides high-quality, cost-effective medication therapy. We work with providers and pharmacists to ensure that we cover medications used to treat a variety of conditions and diseases. When ordered by a provider, we cover prescription medications and certain over-the-counter medications.

Our pharmacy program does not cover all medications. Some medications require prior authorization or have limitations on age, dosage and maximum quantities. Please refer to the Ambetter Drug List, or formulary, for a complete list of all covered medications.

For more details on your outpatient prescription drug coverage, read your *Evidence of Coverage* — you can find it on your online member account at Ambetter.SunflowerHealthPlan.com.

For the most current Ambetter Formulary, or for more information about our pharmacy program, visit Ambetter.SunflowerHealthPlan.com or call Member Services at 1-844-518-9505 (TTY 1-844-546-9713).

Ambetter Formulary or Prescription Drug List (PDL)

Our Ambetter Formulary, or Prescription Drug List (PDL) is the list of prescription drugs we cover. You can find it on our website at Ambetter.SunflowerHealthPlan.com under “Member Resources”, “Find a Medication”.

Definition – The formulary is a guide to available brand and generic drugs that are approved by the Food and Drug Administration (FDA) and covered through your prescription drug benefit. Generic drugs have the same active ingredients as their brand name counterparts and should be considered the first line of treatment. The FDA requires generics to be safe and work the same as brand name drugs. If there is no generic available, there may be more than one brand name drug to treat a condition. Preferred brand name drugs are listed on Tier 2 to help identify brand drugs that are clinically appropriate, safe and cost-effective treatment options, if a generic medication on the formulary is not suitable for your condition.

Please note, the formulary is not meant to be a complete list of the drugs covered under your prescription benefit. Not all dosage forms or strengths of a drug may be covered. This list is periodically reviewed and updated and may be subject to change. Drugs may be added or removed, or additional requirements may be added in order to approve continued usage of a specific drug.

Specific prescription benefit plan designs may not cover certain products or categories, regardless of their appearance in the formulary. Please check your benefits for coverage limitations and your share of cost for your drugs.

Over-The-Counter (OTC) Prescriptions

We cover a variety of over-the-counter (OTC) medications. You can find a list of covered over-the-counter medications in our formulary — they will be marked as “OTC.” Our formulary covers your prescriptions when they’re from a licensed provider. Your prescription must meet all legal requirements.

How To Fill A Prescription

Filling a prescription is simple. You can have your prescriptions filled at an in-network retail pharmacy or through our mail-order pharmacy.

If you decide to have your prescription filled at an in-network pharmacy, you can use our *Provider Directory* to find a pharmacy near you. You can access the *Provider Directory* at Ambetter.SunflowerHealthPlan.com on the *Find a Provider* page. This tool will let you search for doctors, hospitals, clinics and pharmacies. You can also call our Member Services to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your member ID.

We also offer a three-month (90-day) supply of maintenance medications by mail or from in-network retail pharmacies for specific benefit plans. These drugs treat long-term conditions or illnesses, such as high blood pressure, asthma and diabetes. You can find a list of covered medications on Ambetter.SunflowerHealthPlan.com. We can also mail you the list directly.

Mail Order Pharmacy

If you have more than one prescription you take regularly, our home delivery program might be right for you. If you select to enroll, you can get your prescriptions safely delivered right to your door. This service is fast, convenient and is offered at no extra charge to you. You will still be responsible for your regular copays/co-insurance. To enroll for home delivery or for any additional questions, call our mail-order pharmacy at 1-888-239-7690. Alternatively, you can fill out the enrollment form and mail the form to the address provided at the bottom of the form. The enrollment form can be found on our Ambetter website. Once on our website, click on the section “Member Resources,” “Find a Medication.” The enrollment form will be located under “Forms.”

What Is Utilization Management?

We want to make sure you get the right care and services. Our utilization management process is designed to make sure you get the treatment you need.

We will approve all covered benefits that are medically necessary. Our Utilization Management (UM) Department checks to see if the service needed is a covered benefit. If it is a covered benefit, the UM nurses will review it to see if the service requested meets medical necessity criteria. They do this by reviewing the medical notes and talking with your doctor. Ambetter does not reward practitioners, providers or employees who perform utilization reviews, including those of the delegated entities. Utilization Management's (UM) decision making is based only on appropriateness of care, services and existence of coverage. Ambetter from Sunflower Health Plan does not specifically reward practitioners or other individuals for issuing denials of coverage. Financial incentives for UM decision makers do not encourage decisions that result in underutilization.

What Is Utilization Review?

Ambetter reviews services to ensure the care you receive is the best way to help improve your health condition. Utilization review includes:

Preservice or prior authorization review

Ambetter may need to approve medical services before you receive them. This process is known as prior authorization. Prior authorization means that we have pre-approved a medical service.

To see if a service requires prior authorization, check with your PCP, the ordering provider, or Ambetter Member Services. When we receive your prior authorization request, our nurses and doctors will review it. If prior authorization is not received on a medical service when required, you may be responsible for all charges.

Concurrent review

Concurrent utilization review evaluates your services or treatment plans (like an inpatient stay or hospital admission) as they happen. This process determines when treatment may no longer be medically necessary. It includes discharge planning to ensure you receive services you need after your discharge from the hospital.

Retrospective review

Retrospective review takes place after a service has already been provided. Ambetter may perform a retrospective review to make sure the information provided at the time of authorization was correct and complete. We may also evaluate services you received due to special circumstances (for example, if we didn't receive an authorization request or notification because of an emergency).

What Is Utilization Review? (Continued)

Adverse determinations and appeals

An adverse determination occurs when a service is not considered medically necessary, appropriate, or because it is experimental or investigational. You will receive written notification to let you know if we have made an adverse determination. In the notice, you will receive detailed information about why the decision was made, as well as the process and time frame you should follow for submitting appeals.

New Technology

Health technology is always changing and we want to grow with it. If we think a new medical advancement can benefit our members, we evaluate it for coverage. These advancements include:

- New technology
- New medical procedures
- New drugs
- New devices
- New application of existing technology

Sometimes, our medical director and/or medical management staff will identify technological advances that could benefit our members. The Clinical Policy Committee (CPC) reviews requests for coverage and decides whether we should change any of our benefits to include the new technology.

If the CPC doesn't review a request for coverage of new technology, our Medical Director will review the request and make a one-time determination. The CPC may then review the new technology request at a future meeting.

How To File An Appeal

An Appeal is a request to reconsider a decision about the member's benefits where either a service or claim have been denied. A denial includes a request for us to reconsider our decision to deny, modify, reduce, or terminate payment, coverage, authorization, or provision of health care services or benefits, including the admission to, or continued stay in, a health care facility. Failure to approve or deny a prior authorization request timely may be considered as a denial and also subject to the appeal process.

1. Examples of an Appeal would be: access to healthcare benefits, including an Adverse Determination made pursuant to utilization management;
2. Admission to or continued stay in a healthcare Facility;
3. Claims payment, handling or reimbursement for healthcare services;
4. Matters pertaining to the contractual relationship between a Member and us;

Understand how your Ambetter health plan works and know what you should do as an Ambetter health plan member.

You are responsible for telling us if your member ID gets lost or stolen, for supplying information that we need in order to provide care and for informing your provider if you cannot follow the prescribed treatment of care recommended to you.

Here's What You Should Do

Your *Evidence of Coverage* can help you understand how your plan works. Make sure you read it. Here are a couple of key points:

Giving Information

Always provide accurate and complete information about your health. This includes your present conditions, past illnesses, hospitalizations, medications and any other matters. Let us know that you clearly understand your care and what you need to do. Ask your doctor questions until you understand the care you are receiving. You need to review and understand the information you receive about us. Make sure you know how to use the services we cover.

Your Doctor's Advice and Your Treatment Plan

You should follow the treatment plan your medical providers suggest. If you do not agree with the suggested treatment plan, you have the right to obtain a second opinion from another In-Network provider. Ask questions to make sure that you fully understand your health problems and treatment plan. Work with your primary care provider (PCP) to develop treatment goals. If you don't follow your treatment plan, your doctors may tell you the likely results of your decision.

Member ID

At every appointment, always show your Ambetter member ID before you receive care.

Emergency Room Use

Only use an emergency room (ER) when you think you have a medical emergency. For all other care, you should call your PCP.

Appointments

Make sure you keep your appointments. If you cannot keep an appointment, you should call to cancel or reschedule. Whenever possible, schedule your appointments during office hours.

Your PCP

You should know the name of your PCP and establish a relationship with them. At any time, you can change your PCP by contacting our Member Services Department at 1-844-518-9505 (TTY 1-844-546-9713).

Treatment

You should treat all of our staff, providers and other members with respect and dignity. Please let us know if you have concerns about your care.

Your Healthcare Glossary

We know that health insurance can feel confusing sometimes. To help you out, we put together a list of words you may need to know as you read through this member handbook. Check it out!

Adverse Determination Notice

This is the notice you receive if we deny coverage for a service you have requested.

Appeal

An Appeal is a request to reconsider a decision about the member's benefits where either a service or claim have been denied. A denial includes a request for us to reconsider our decision to deny, modify, reduce, or terminate payment, coverage, authorization, or provision of health care services or benefits, including the admission to, or continued stay in, a health care facility. Failure to approve or deny a prior authorization request timely may be considered as a denial and also subject to the appeal process.

1. access to healthcare benefits, including an Adverse Determination made pursuant to utilization management;
2. admission to or continued stay in a healthcare Facility;
3. claims payment, handling or reimbursement for healthcare services;
4. matters pertaining to the contractual relationship between a Member and us;
5. cancellation of your benefit coverage by us; and
6. other matters as specifically required by state law or regulation.

Complaint

A complaint can be an appeal or a grievance. Some complaints can be resolved through first call resolution if they can be fully addressed and closed.

Copay or Copayment

The set amount of money you pay every time you receive a medical service or pick up a prescription.

Emergency Care/Emergencies

Emergency care is care that you receive in an emergency room (ER). Only go to the ER if your life is at risk or you need immediate, emergency medical attention.

Evidence of Coverage

The document that lists all of the services and benefits that your particular plan covers. Your *Evidence of Coverage* has information about the specific benefits covered and excluded under your health plan. Read through your *Evidence of Coverage* — it can help you understand exactly what your plan does and doesn't cover.

Your Healthcare Glossary (Continued)

Grievance

Any complaint about quality of service or medical care is a grievance, including dissatisfaction with the quality of medical care, waiting time for medical services, provider or staff attitude or demeanor, or dissatisfaction with service provided by the health carrier.

In-Network (Providers and/or Services)

The Ambetter network is the group of providers and hospitals we partner with to provide care for you. If your provider or service is within our network, it is covered on your health plan. If a provider or service is out of network, you will be responsible for services you receive. When possible, always stay in-network!

Inquiry

A request for clarification of a benefit, product, or eligibility where no expression of dissatisfaction was made.

Out-of-Network Provider (Providers and/or Services)

Means a physician or provider who is NOT identified in the most current list for the network shown on your Member ID. Services received from an out-of-network provider are not covered, except as specifically stated in your *Evidence of Coverage* (EOC). Refer to your *Evidence of Coverage* for details regarding out-of-network providers, care, services and expenses.

Premium Payment

Your premium is the amount of money you'll pay every month for health insurance coverage. Your monthly bill shows your premium payment.

Preventive Care Services

Preventive care services are regular healthcare services designed to keep you healthy and catch problems before they start. For example: your checkups, blood pressure tests, certain cancer screenings and more. A list of Preventive Care services can be found within your *Evidence of Coverage*, as well as on our website at Ambetter.SunflowerHealthPlan.com.

Primary Care Provider (PCP)

Your PCP is the main doctor you will see for your healthcare needs. Get to know your PCP well and always stay up-to-date with your well-visits. The better your PCP knows your health, the better they are able to serve you.

Prior Authorization

Prior authorization may be required for covered services. When a service requires prior authorization, then the covered service needs to be approved before you visit your provider. Your provider will need to submit a prior authorization request.

Your Healthcare Glossary (Continued)

Summary of Benefits

Your *Summary of Benefits* is a document that lists covered benefits available to you and lets you know when you are eligible to receive them. Your *Summary of Benefits* has information about your specific copayment, cost sharing and deductible amounts.

Subsidy

A subsidy is a tax credit that lowers your monthly premium. Subsidies come from the government. Whether or not you qualify for one depends on your family size, your income and where you live.

Telehealth

Telehealth is a 24-hour access to healthcare providers for non-emergency health issues by phone or video for medical advice, diagnosis or a prescription if medically necessary.

Urgent Care

Urgent care is medical care that you need quickly. You can get urgent care at an urgent care center.

Utilization Management

This is the process we go through to make sure you get the right treatment. We review your medical and health circumstances and then decide the best course of action.
